Mid America Clinical Laboratories is now offering discount laboratory fees for self-pay patients at our Patient Care Centers (PCCs). As part of this offering, we have implemented a policy for payment up to \$150.00 at the time of service. Any remaining balance will be billed directly to the patient.

We will accept personal checks, Money Orders, Visa, MasterCard or American Express. For the safety of everyone, cash will not be accepted.

Lab tests collected at our Patient Care Centers are eligible for the discounted prices. It will be the responsibility of the patient to bring the in-office collected specimens to our PCCs for processing and payment.
