

# LAB UPDATE

**EFFECTIVE DATE: November 9, 2020**

## **Lyme Disease Testing**

As part of our continuing transition under Quest Diagnostics, Lyme Disease testing will no longer be performed at our Shadeland laboratory. Testing will be sent to Quest Wood Dale where testing is performed Monday thru Friday providing the same if not better turnaround time on results. The specimen collection requirements and reference ranges will remain the same.

Test Name	Current Test Code	New Test Code
Lyme Disease (IgG/IgM) with reflex to Western Blot	LDAB / 6646YJI	LDAB / 6646RCB

This information will also be available on the MACL website under the Lab Updates section for Providers: <https://www.maclonline.com/category/lab-updates>.
