

LAB UPDATE

EFFECTIVE DATE: February 15, 2021

Monoclonal Panel Offering

In response to multiple provider requests and to provide better overall service and patient care the following order set will be available. This order set is an updated version of the panel previously used under MACL and will now provide a seamless order to result process through Quest Wood Dale.

PANEL NAME	PANEL CODE	PANEL COMPONENTS
Monoclonal Panel	MPEP	Kappa/Lambda Light Chains w/Ratio
		Immunoglobulins
		Serum Protein Electrophoresis
		Serum Immunofixation

This information will also be available on the Quest/MACL website under the Lab Updates section for Providers: <https://www.maclonline.com/category/lab-updates>.
